INTRO

Drive Like the Best Is Yet to Come

For those who want to savor the best life has to offer. For those who crave grand tours that are all about enjoying every moment to its fullest. The new GranCabrio is an icon evolved.

Three trims for an unforgettable experience

Maserati brings unprecedented innovation to each of the available three trims. The GranCabrio exudes comfort, while Folgore is the first full electric Maserati, and the sporty Trofeo embodies massive power with its ground-breaking V6 Nettuno engine.

GranCabrio

The cabriolet style, personified. Comfort and elegance combine to convey the most laid-back, yet stylish grand touring experience. To top it off, the 490CV retain the Trident's racing DNA, a testament to the unmistakable Maserati prowess.

trofeo

The mighty race-derived V6 Nettuno twin turbo engine is the beating heart of Trofeo. Carbon fiber details and glossy black wheels combined with red Brembo calipers deliver a dramatic look for those who dare to chase bold desire.

Folgore

A true Maserati sports car, electrified. The Trident logo as well as the Folgore script are in dark copper while side vents are illuminated in electric blue. When it's time, expect to travel as far as the heart desires: up to 450 km on one full battery charge.

Naturally stylish

Born with the racing DNA, crafted with the most tasteful materials, GranCabrio blends the two souls of Maserati to convey the most Italian grand touring experience. Enjoy life with the top down.

GranCabrio

Max power	Max speed	Acceleration	Engine layout	Traction	Max torque
490 cv	300 km/h	4 sec	V6	AWD	600 Nm

490 horsepower

Savor the rush of the open road. The twin turbo 3.0-liter V6 Nettuno engine is a work of engineering mastery, capable of outputting up to 490 CV and 600 Nm at 3,000 rpm.

The epitome of refinement

The retractable soft top and the ice-coloured perforated full-grain leather of the seats are just some of the details that make GranCabrio a true icon of elegance and Italian craftsmanship.

Massive power

The adrenaline of grand touring powerfully moves something inside. Something hard to describe yet immensely profound to feel. That's the GranCabrio Trofeo effect.

trofeo

Max power	Max speed	Acceleration	Engine layout	Traction	Max torque
550 cv	316 km/h	3.6 sec	V6	AWD	650 Nm

550 horsepower

The mighty race-derived V6 Nettuno Twin Turbo engine is the beating heart of Trofeo's outstanding performance. Up to 550 hp and 650 Nm of torque.

Maximum speed of 316 km/h

Maximum speed of 316 km/h. 0–100 km/h in just 3.6 seconds.
However, numbers hardly express the magnitude of pleasure felt
at the slightest touch of the pedal as the journey sharply begins.

Moving, even when still

Inside, colors and materials interplay with the herringbone motif on the dashboard and seats to create a sense of exciting dynamism. High-performance materials like perforated leather or 3D-touch carbon fiber amplify that feeling.

Just drive

Exhilaration starts here, in the driver's cockpit. Grab the new heated steering wheel with perforated leather features. Press the blue start/stop button. Caress the dark aluminum paddle shifters. Touch the pedal and feel limitless like a Trofeo power surge. Another texture to love. The race-derived technology employed to power it is supremely echoed by every interior detail.

DESIGN

A Passport to Pure Pleasure

A modern enigma resolved: a finely tailored balance of tradition and innovation, raw track-bred engineering and Italian elegance. GranCabrio represents this duality in its most essential and liberating form.

Grand touring attitude

An invitation to live open. The GranCabrio is the ultimate expression of open grand touring – athletic yet refined, flowing and bright.
Let a new journey begin.

Cabrio Pleasure, for 4

Grand touring was created to offer the driver and all three passengers the best of Maserati design in the artisanal comfort of a uniquely Italian-bred cockpit. Here anything is possible.

Purity of form

From the Trident on the front grill of the GranCabrio, the eye dances along its contemporary contours to the full LED headlights, which offer optimal visibility and recognition, day and night.

Only the finest

Italian artisan quality is always in style. Precious, noble materials are paired with cutting-edge technology for a carefully crafted cabin that prioritizes total sensorial comfort with a focused and fresh aesthetic.

INNOVATION

The GranCabrio lifestyle within a touch

Crafted with the latest technology, sleek digital surfaces complement artisanal elements for a cockpit that is as inviting as essentially GranCabrio.

Airy comfort

Covetable carefree driving comes naturally in the GranCabrio. Every single detail has been considered to ensure that every aspect of a Maserati open-air grand tour is sublime, from the Maserati Intelligent Assistant (MIA) that acts as a personal in-car butler to features like the neck warmer. A breezy coastal drive awaits in any season, courtesy of GranCabrio.

Cockpit controls

Gain a racer's perspective with the easily configurable 12.2" Full Digital Cluster. An immersive experience for the driver, further enriched by the Heads-Up display to put all the most important driving information right where it's needed.

Journey companion

Wherever the road may lead, tour with all the confidence of being fully connected. Intelligent and customizable, the leading-edge Maserati Intelligent Assistant (MIA) in the 12.3" Central Display, powered by the Android Auto OS, features smartphone integration and voice commands to stay in sync on every journey.

Ergonomic & all digital

The GranCabrio is at your command. Three large ergonomically positioned screens and sleek digital displays make every grand tour effortless. Whether with touch, voice or quick gesture, the information and controls you need are right where you need them.

Hand-crafted sound

Imagine perceiving the same depth and color of sound as in a live music concert. This is the audio experience in the GranCabrio, masterfully orchestrated by award-winning Sonus faber, the Italian artisans of sound. The optional High Premium system features 16 speakers, carefully engineered within the cabin for a supreme audio experience.

PERFORMANCE

Let it sing

The new GranCabrio brings revolutionary technology and Modena-engineered power for uncompromising performance that is certain to paint a smile and driving euphoric sensations.

NETTUNO

Only the best

A rush of fresh air, a thunderous roar, and landscapes straight from your imagination. Follow the open road and make every grand tour a multi-sensorial delight.

Ferocious poise

At the heart of the GranCabrio is racing-derived power ready to be mobilized. With Launch Control, experience maximum acceleration, complete traction control and torque distribution for performance that is breathtaking.

Different moments, different modes

Adapt to every journey with four different drive modes in the GranCabrio. From everyday driving with maximum usability, to the default GT mode and the exhilarating Sport and Corsa modes, each setting is geared to make the most of the road ahead.

Time to tour.

An aerodynamic rush

The sculpted silhouette of the Maserati GranCabrio is so much more than a masterpiece on wheels, its aerodynamic contours were engineered for air to rush right past them for an unparalleled open-air driving experience.

Trofeo in every detail

Embrace a racer's outlook with optional, ultra-light aluminum sports pedals and passenger footrests. Outstanding sporting prowess, irresistible design.

More Power, Less Weight

Go faster and farther. The modular architecture and extensive use of ultra-lightweight materials like aluminum make for a superior power-to-weight ratio. This is Maserati-style driving pleasure.

Grand peace of mind

Follow the sunset and make the most of every open-air drive with the security of some of the most comprehensive and sophisticated driving automation support on the market: Level 2 Advanced Driving Assistance Systems.

Grand Touring, with gusto

Supreme handling is essential to a Maserati grand touring experience. Specific staggered tires have been tested for the best handling and comfort. The inertia movement has been lowered with the specific angling of weight concentration in the lightweight chassis.

In other words, everything has been engineered for sublime journeys.

A close-up photograph of the front side of a Maserati Folgore electric sports car. The car's body is a metallic copper or rose gold color. The 'Folgore' nameplate is prominently displayed in a stylized, three-dimensional script. Below it, three black, rectangular side air vents with a fine mesh grille are visible, arranged in a row. The lighting is soft and directional, highlighting the car's curves and the texture of the paint and grille.

Folgore

Pure Luxury.
Pure Performance.
Pure Maserati.

Folgore

Max power	Max speed	Acceleration	Traction	Max torque
761 cv	290 km/h	2.8 sec	AWD	1350 Nm

Iconic Appeal

The quintessential Maserati triple air vents are lit up on the GranCabrio Folgore. A subtle yet striking allusion to the charging full-electric energy within.

All-Electric Soul

Cutting-edge, Made-in-Italy innovation in a fresh new material. Introducing the regenerated nylon fiber ECONYL®. A potentially infinite circular material, in the GranCabrio. The laser-etched design on the interiors of the GranCabrio is a testament to the power of energy modulation, just like the full-electric propulsion that powers the entire Folgore lineup.

Electrifying G-Force

When pairing adjustable torque distribution and traction control with the performance optimizer in Corsa mode, the GranCabrio Folgore delivers charging track-bred acceleration. Thrilling starts, maximum satisfaction.

Only the best

Let it sing. Follow the open road and make every grand tour a multi- sensorial delight. Deep and potent, the bellowing sound of Folgore is an electrifying evolution of the iconic Maserati roar.

A close-up, high-angle shot of a red leather car seat. The seat features a perforated leather texture on the central portion. The words "GranCabrio" are stitched in a white, italicized font across the middle of the seat. The seat is bordered by smooth red leather. In the upper right corner, a portion of a black dashboard or center console with metallic trim is visible. The background is dark and out of focus.

A world of possibilities

Master Maserati Driving Experiences

Enter the cockpit, grip the steering wheel and prepare to overtake your limits with the new amazing GT2 Stradale. Experience the sensation of driving the most powerful Maserati sports cars line up in their natural habitat: the circuit. Achieve maximum acceleration and grip from the start line, in and out of every corner. Feel the aerodynamic downforce at the high speed and see what racing-engineered braking is meant to feel like. Let our professional drivers teach you all the secrets to mastering the art of speed... now it's your turn.

Financial Services

Purchasing your car with the aid of a Maserati financial package enables you to choose the best conditions on the market and tailor them to your needs. Official Maserati dealers will be delighted to act as your financial advisers, providing professional guidance on the various payment options available and creating a package tailored to your requirements.

Maserati Assistance Program

The Maserati Assistance Program offers an exclusive range of services and benefits free of charge for the entire warranty period of the vehicle. The Assistance Centers, available 24 hours a day, can be contacted in emergency situations. At these efficient sites, courteous and highly skilled professionals will provide the best possible solution to any mobility problem flagged by the customer.

The world of the Trident

Factory Tour

Discover the heart of the super sports cars and grand tourers production at the historical Maserati Plant in Modena. The 1H30min Factory Tour begins with the walkthrough of the Brand's heritage and model range presentation at the Maserati Showroom. Assembly and Finishing line, Powertrain and Engine Lab, Paintshop and the Official Store follow. Showroom tour: a 40-minute Showroom tour comprehensive of heritage, explanation of the cars exhibited in the showroom and a deep dive on the Fuoriserie program is available.

To book your tour, you can click [here](#).

For more information, you can contact: factorytour@maserati.com and showroom.activities@maserati.com.

Factory Delivery

After a welcome coffee in the Showroom, you can visit the historical Maserati Plant, accompanied by a factory tour guide and a photographer. Now, it's time for your new Maserati unveiling, a shake hands with a Maserati executive followed by a toast and the gifts delivery. Before we bid farewell, the final pictures are taken. The commemorative digital photo-album is forwarded to the customer. All models can be delivered at the Modena Plant. Request the factory delivery to your official Maserati dealer.

Maserati Collection

The Maserati Collection of exclusive leisurewear and branded merchandise has been specially created for those with a passion for all things Maserati. Maserati Collection items are available from all Maserati dealers and the Maserati Store at the Modena showroom. Alternatively, they can be purchased online at maseratistore.com and delivered directly to your home.

Maserati Club

There are currently more than 30 Maserati Clubs in the world, counting more than 3,000 members. Joining the exclusive Maserati Club means sharing insights, experiences and all the excitement with other Maserati owners – and being invited to take part in special motoring events. Drivers of cars from every era can enjoy the pleasure of driving their Maserati models in a calendar of national & international events created especially by the Maserati Clubs for their Club members, such as the Global Gathering or the Maserati International Rally. Visit the dedicated section in maserati.com to find the contacts of your local Maserati Club.

Maserati Genuine Accessories

Specially conceived to satisfy our customers' needs, the Maserati Genuine Accessories are a perfect combination of design, functionality, comfort and performance. Built to the highest standards of Maserati craftsmanship, the genuine accessories range has been developed to guarantee great practicality together with the chance to add your personal and unique touch. Get ready to discover all your customization options in the dedicated brochure, on the official website [maserati.com](https://www.maserati.com), or through the Official Maserati Network.

Customer Programs

Driving a Maserati is an experience of a lifetime, regardless if you are handling a weekday commute or embarking on a memorable journey. This is why Maserati has created dedicated Customer Programs to guarantee you, mile after mile, the utmost care and excellent performance of your Maserati. Give yourself extra peace of mind with our programs. Discover more on the official website [maserati.com](https://www.maserati.com), or through the Official Maserati Network.

The illustrations and texts contained in this catalog are based on the information available at the time of production, September 2025. Some models, features and accessories may not be available or may only become available after the car's launch on the market or within the Fuoriserie program. Maserati reserves the right to modify colors, designs and technical features at any time and without prior notice. Official Maserati Dealers will be glad to provide further details and updates in this regard. Stay in touch with Maserati by visiting [maserati.com](https://www.maserati.com)
